

Our Mission

To serve all persons with quality care in a loving and compassionate environment

Refined assisted living

Opened in the fall of 2013, Judson Meadows is the area's newest Assisted Living Community. Judson Meadows is part of the Baptist Health System, a not-for-profit organization that has been dedicated to serving seniors and their families throughout the community since 1977. Located in a quiet and picturesque setting on 48 acres on the site of the former Horstman Farm, Judson Meadows is warm, friendly and inviting.

It's about growth, not age

Your needs may change, but why should your lifestyle? Judson Meadows offers Enhanced Assisted Living - a higher level of assisted living service - allowing you to age in place.

Offering a standard of excellence

If your health changes, you want to stay in a familiar environment, surrounded by friends and activities that you have come to associate with "home." The Baptist Health System provides a continuum of care beyond the assisted living level, so that you may take advantage of a full range of services as your health changes without having to leave.

A word for families...

Family is always welcome. We encourage families to visit whenever your schedule allows, attend events and be involved in planning and decision making.

Administration

From your very first visit and throughout your residence, we are here for you. We encourage you to contact us to arrange a visit or have any questions or concerns answered.

Location

We are conveniently located at

39 Swaggertown Road
(just off Rt. 50)
Glenville, NY. 12302
(518) 831-2400

Apartments

- Studio apartments
- One bedroom apartments
- Two bedroom apartments

All of our apartments feature accessible private bathrooms with showers. Heat and air conditioning are individually controlled. Basic phone, cable TV and internet access are included. Each apartment is graciously designed and awaits your personal touch.

See www.JudsonMeadowsAssistedLiving.com for complete floor plans and descriptions.

Tiered levels of services

Judson Meadows offers a comprehensive range of services to meet your individual needs. The basic level of care includes all meals and snacks, housekeeping, personal care, and medication oversight and support.

Additional assistance with medication management and personal care is available at tiered levels of service.

Please call 518-831-2400 for more information about our levels of services.

Social engagement

Our Activities Coordinator will plan enrichment activities to help you maintain your active lifestyle. You'll find parties, games, outings, exercise classes, ice cream socials, guest speakers, shopping trips, nights at the local theater, entertainment, and so much more! We embrace the traditions of all faiths.

During the growing season, residents and their families may also enjoy the rewarding and positive benefits of involvement in our community garden.

Your dining experience

Our chefs create delicious seasonal menus that are approved by a registered dietitian.

All meals are served restaurant style to encourage socialization. It's all about enjoying great, nutritious food in the company of wonderful people!
